

YARROW FLOWERS

Botanical Name: *Achillea millefolium*

Common Name: Yarrow, common yarrow

Medicinal part: Flower

Description: *Achillea millefolium* is a flowering plant in the family Asteraceae. It is native to temperate regions of the Northern Hemisphere in Asia, Europe, and North America. It has been introduced as a feed for livestock in places like New Zealand and Australia. However, it is a weed in those places and sometimes also in its native regions.
