

OLIVE LEAF POWDER

Botanical Name: Olea europaea

Common Name: Olive, Olive Tree, Olivier

Medicinal part: Leaf

Description: Olive leaf is the leaf of the olive tree (*Olea europaea*). Although olive oil is well known for its flavor and health benefits, the leaf has been used medicinally in various times and places. Historically the benefits of olive leaves have been widely touted, and been used by various cultures for both medicinal and nutritional uses. The phenolic compounds of the olive tree are concentrated in the leaves, and contain phenolic compounds including oleuropein, hydroxytyrosol, tyrosol, luteolin, rutin, caffeic acid, catechin and apigenin.
